Dear Chris's Signs Service:

Scouts Canada and the Whonnock Lake Scout Camp would like to thank you for your generous donation as part of our Camp lighting upgrade to LED. This lighting upgrade to the latest in LED lighting included a complete relamp of the interior and exterior building lighting fixtures.

Your donation was pacifically directed to the replacement of four parking lot pole mounted metal haloid fixtures to new LED fixtures. As the parking area lighting is a very high demand part of the exterior lighting, we are expecting significant savings on the BC Hydro billing.

May I add, Kevin, your original design and presentation was the professionalism that sold this project to the other groups and individuals that made donations to help to bring this project to a very positive conclusion, thank you!

As you can see from the pictures attached, this upgrade offers high visibility and security for the children and adults using the Camp in the evening.

On behalf of the Whonnock Lake Camp Properties Committee and Scouts Canada, we thank you for helping us with this project.
